**APPOINTMENT POLICY-** We value our patients and the time we spend with each of you and we like to set aside appointments that work well for your schedule. If there is a conflict with your appointment time, we ask that you call the office at least 24 business hours in advance to cancel or reschedule. **Appointments cancelled without a 24-business hour advance notice will be charged \$40. Ultrasound Appointments cancelled without a 24-business hour advance notice will be charged \$50. The same fees will apply for no shows or any rescheduling of an appointment less than 24 business hours.** Any patient who arrives greater than 15 minutes past their scheduled appointment time will be asked to reschedule to a different day. Any patient who no shows three or more times may be dismissed from the practice.

**WELL WOMAN EXAMS-** Our goal at Jordan Mitchell MD is to put the patient first by providing outstanding service to each and every patient, each and every visit. In keeping with our policy to educate in the areas of medicine and insurance, we would like to let you know that if you are here for an annual well woman exam, we will only discuss details or perform services applicable to a well woman exam. If there are medical issues that you would like to discuss with Dr. Mitchell that fall outside of a well woman exam, you will be rescheduled for a problem visit at another date/time. If your problem is emergent, we will address the problem today but will be required to reschedule the annual well woman exam.

If for any reason a problem visit is handled on the same day as an annual visit, the insurance will be billed for each service separately. Depending on your personal insurance benefits, you may be responsible for any out of pocket costs associated with the additional services billed to insurance.

If you have any questions or concerns regarding this policy, please ask our staff.

**MEDICAL INSURANCE-** Your medical insurance is a benefit that your employer provides for you, or you purchase privately for yourself. Many times, understanding your benefits is confusing. We will do our best to assist you, however, because we are a third party, we have limited access to information regarding your medical benefits. Many plans have specific restrictions and you should consult your insurance handbook for these details.

Regardless of what we may calculate as your medical plan benefit, **you are responsible for the TOTAL cost of your medical treatment.** We will file the claim and do our best to process and coordinate payment from your insurance company.

Please keep in mind that **your insurance company does not guarantee your benefits** therefore we can only estimate your portion. **We ask that you pay your estimated portion and deductibles at the time of service.** If you are unable to pay this estimated portion today we will be more than happy to reschedule your appointment at a later date.

**AFTER HOURS CALLS-** We have a physician on-call 7 days a week for **emergencies only**. We appreciate your discretion in using this service as many issues or routine questions can be answered during office hours. **Non-emergent calls handled with a physician will result in a \$50 fee.**

**RELEASE OF MEDICAL RECORDS-** Upon receipt of a signed medical release form, records will be released within 15 days for a \$25 fee. Medical records may be transferred to another physician electronically at no charge.

**MEDICATION REFILLS-** Please allow our office 48 hours for prescription refills. Refills will be processed during our normal business hours.

**CONSENT FOR CARE-** I hereby consent to necessary examination, procedures and/or treatments prescribed by my physician, his/her assistants, or designee as is necessary in his/her judgment. I understand that I am under the care and supervision of my attending physician.

# Preventive VS. Non-Preventive Care

There may be services you received in the past that were considered preventive, that may no longer be covered as preventive under new insurance guidelines. These services will be subject to any medical plan copayment, coinsurance, or deductible and include services such as imaging, specific lab test, and diagnostic testing, etc.

Many services may be done for either preventive or diagnostic reasons. These services performed during a preventive screening will be considered preventive care when there are no known symptoms, illnesses, or history of prior symptoms or illnesses. Coverage for these services are also subject to age and gender restrictions, and may be dependent on your individual risk factors.

## Services are generally considered Preventive Care when you:

- Do not have symptoms of any studies indicating an abnormality.
- Have had a covered preventive screening done within the recommended age and gender guidelines with results being considered normal.
- Have had a diagnostic service with normal results, after which the physician recommends future covered preventive care screenings using the appropriate age and gender guidelines.
- Have a covered preventive service done that result in a diagnostic service being done at the same time and as an integral part of the preventive service (e.g. polyp removal during a preventive colonoscopy).

## Services are generally considered Non-Preventive Care when:

- Abnormal results on a previous preventive or diagnostic screening test require further diagnostic testing or services.
- Abnormal test results found on a previous preventive or diagnostic service require the same test repeated sooner than the normal age and gender guideline recommendations would require.
- Services are ordered due to current symptoms that require further diagnosis.
